1. PURPOSE & SCOPE

This policy applies to all suppliers, sub-contractors and service providers engaged by Acme Green Manufacturing globally and forms part of every purchase order and master services agreement.

2. COMPLIANCE REQUIREMENTS

Suppliers shall:

- a. Maintain ISO 14001 (or equivalent) alignment for any site producing more than 100 tCO2e/year on Acme's behalf.
- b. Prohibit child labour, forced labour and human trafficking (ILO Conventions 138 and 182).
- c. Submit an annual conflict-minerals declaration (3TG).
- d. Comply with the Acme Anti-Bribery & Anti-Corruption Policy.
- e. Disclose Scope 1 + Scope 2 emissions where revenue from Acme exceeds S\$ 500,000 per year.

3. SUPPLIER AUDIT FREQUENCY

- Tier-1 strategic suppliers: audited annually (on-site).
Tier-2 suppliers : audited every 24 months.
Tier-3 suppliers : self-assessment questionnaire
every 36 months.

Auditors are independent and accredited (e.g., SGS, BV, DNV).

4. ESCALATION PROCEDURE

- Step 1: Non-conformance logged and CAP issued (30 days).
Step 2: Failure to close CAP -> escalation to CSO.
Step 3: Two strikes within 12 months -> Board ESG Committee review; possible contract suspension or termination.
Step 4: Material breaches reported to MAS-aligned green financing counterparties.

5. WHISTLEBLOWING

A 24/7 anonymous channel (run by EthicsPoint) is available to suppliers and their employees. Retaliation is prohibited.
